

HURLINGHAM 2011 LONDON

The Most Exclusive Private Viewing Event in the World of Luxury Real Estate

On 1st and 2nd of November wealthy buyers from Europe and beyond will make their way to the prestigious Hurlingham Club in London, to view a selection of the most desirable homes for sale around the world.

In this rarified environment we will be showcasing our most luxurious properties.

This by-invitation-only viewing will offer buyers an exclusive introduction to some of the world's most desirable and important properties.

We will have brochures of your extraordinary property to present to these premium international buyers.

In previous years this event has attracted over 3,000 qualified buyers over the two days.

This extraordinary opportunity has been provided to you as yet another benefit through Michael Saunders & Company in conjunction with Mayfair International Realty.
